## General Details

I had been wanting to set this up for awhile. Finding a quality BBW in the area is almost impossible. Alexa is all of it, pretty, sexy, fun, and discrete. We set things up after a verification that made me feel that i was going to be just fine as well. Once we met, I was extremely happy, no regrets, AT ALL. She is prettier and sexier than her pictures would allow. I walked away REALLY pleased, which meant everything went right.

## The Juicy Details

We met up at a hotel as I wanted to see Alexa and she wasn't currently hosting. Upon saying hello I felt at home and like this was a girl I hadn't seen in years but always wanted to fuck. Sexy outfit, warm welcome, I was off to the races. Right away I had to see her beautiful curves and I was not disappointed. I got her naked and had to go DATY immediately as she looked so great. After making her cum, it was my turn. Great oral and then on to Missionary, Doggie, Cowgirl, and RCG. Plenty of kissing and enjoying her beautiful boobs. Bottom line, if your'e leaning toward seeing her and your'e not sure, see her. If you are looking for a super solid pretty BBW who will fit the bill, she's your girl. Overall super positive visit. WILL repeat.
